A request (P 1567c) for the erection of a garage on the Kilauea School was received and upon consideration of the matter it was voted, upon the motion of Mr. Brandt, to repair the old carriage house for the foregoing pur-

A communication (P 1568) from Honorable Harry Irwin, Deputy At-torney General which asked for the continuance of the appropriation heretofore made for the expenses of the Board of License Commissioners so to permit the said Board of License Commissioners to effectively, and perhaps economically, enforce such rules and regulations respecting the sale, gift, transportation, import and export of intoxicating liquors in the Territory of Hawaii for mechanical, scientific, sacramental and medicinal purposes, which the Governor may promulgate was received and by unanimous vote

the Board granted the request. A petition (P 1569) for the building of a fence along the public road in the vicinity of the 18th Camp reservoir at Kapaa Homesteads signed by the homesteaders of the 2nd Series was received and upon the motion of Mr. Bettencourt Jr. duly seconded it was ordered that guard rails be built along this road.

A request (P 1570) from Grove Farm Plantation for a permission to cut a ditch, about a foot wide, across he belt road, opposite that plantation's camp at Puhl, Lihue, for the purpose of laying water pipes to the new stores was received and the same was

onded by Mr. Menefoglio, the sum of Five Hundred Dollars (\$500.00) was appropriated for road work at Nilhau. A communication (P1571) from A.H. Rice, Esq., President, Board of Com-misioners of Agriculture & Forestry. Hawaii, requesting amongst other mat-ters that a portion of the appropriation hitherto made for paying the guards who do duty within the Anth-rax area in the Hanalei District be diverted for the purpose of the con-tribution of \$200.00 per month towards paying Dr. Cyril Golding's salary as the Veterinarian and official represen-tative of the Territory at Kauai, and upon the motion of Mr. Menefoglio the Board by vote declared to comply with the wishes of the foregoing Board of Commissioners,

Doctor Young of Libue, appearing on behalf of the Libue Hospital, asked to increase the monthly allowance now paid that Hospital from the present rate towit: \$125.00 to \$250.00. The Board after carful consideration of the matter and upon the motion of Mr. eMBryde unanimously voted to in-crease the allowance to \$200.00 per

A request (P 1572) from the County Clerk for the approval of his appointment of the Honorable D. Kalauokaiani, Clerk of the City and County of Honolulu, Hawaii, as Special Deputy Clerk of the County of Kausi who will attend to and perform all election du-ties at the mobilization camps in Honolulu, and required of the County Clerk under Act 197 of the Session Laws of 1917, the appointee having oflered the services of his office, free gratis, to the County Clerk and to the Board, was received and the request was unanimously granted, and the ap-

discontinued on the 31st. On this rold the grading in the rock is all done. The connecting section about 800 feet across the cane field near Pah On's house remains to be done. About \$1,000 worth of work and materials will complete the road ready for macadam to the point of connection near Pah On's. The culvert, stone fences and chutes on the Camp 4 job were finished and this cut off is now ready

for macadam. Koloa District: Macadamizing for Kauai Fruit & Land Co., was complet-ed at the cannery. A few hundred feet of the main Govt, road passing the cannery was resurfaced, an asphalt binder being used. Work with this macadamizing outfit was discontinued about the last of the month.

In Libue District the regular forces did oiling and patching. Resurfacing at Wallua was finished to Wallua Bridge at the end of the month. This job was delayed on account of shortage of broken stone. Progress on Wailua Bridge is slow. In sinking the first two caisons a nest of small boulders was encountered in both; it has taken a long time to get rid of this difficulty, but the boulders have apparently all been removed and better progress ex-

pected.

In Kawaihau most of the workmen were employed on Homestead roads, on the Kapahi road Gov't Contract. The Kapahi road was finished from the k Kapaa Park to Kapahi Camp, follow-ing the new right of way along the railroad. One of the other roads in the same contract is also narly com-

in Hanalel District: not much asphalting was done on account of the weather and shortage of money. We have on hand and in Honolulu about 300 barrels of Asphalt to put on in Hanalei District and it seems to me that it ought to be put on in a hurry when the weather is good regardless of the cost overrunning the \$1,000 allowance. Hawaihau Dist. could do well op less than \$1,000 on its R & E account: a few hundred dollars could be shifted from Kawaihau to Hanalei

3. Communication (P 1567b) from bungalow school from was built at Mr. Kinney asking for information Kekaha, also one at Omao. The two at Elecle were completed. The outbuildings at Eleele were moved on to new cess pools.

The materials for the new 6 room cottage at Makawell all arrived and good progress is now being made by the carpenters. The new cottage is being built on the new tract which was given by the Plantation. This addi-tional tract is being all leveled and graded.

I wish instructions as to the proposed new school at Huleia."

Upon the motion of Mr. McBryde seconded by Mr. Menefoglio the sum of Fourteen thousand, seven hundred and fifty dollars (\$14,750.00) was apprepriated as additional appropria-tions for the following purposes:

County Road Co. Rd. Mach 250,00 Kapahi Rd. Contract 1,000,00 Hanalei: Oil Rds. 650.00

Rds. & Br'd's 1,000.00 2,250.00 Permanent Improvement Fund: Mana New Rd

Kolon: Resurf. Macadam 2,000.00 Lihue: Resurf. 3,700,00 Macadam Wallua Bdg. 5,400.00 12,500.00

Of the Board's own motion chairman was authorized to enter into all for the improvement of the home

stead roads of Lawal.
Upon motion of Mr. Bettencourt Jr. granted the work, however, to be done under the supervision of the County Road Engineer.

Upon the motion of Mr. Brandt seconded by Mr. Brandt, authority was given the engineer to put in the necessary screens in the school cottage now occupied by Mr. Prigge of the Kapaa School. seconded by Mr. Brandt, authority was

A statement (P 1574) from J. H Cummings, Superintendent of the Ka-paa Water Works, concerning the amount of water used and moneys paid therefor by the Hawaiian Canner-ics Co., Ltd., was received, and after careful consideration of the statement and the consumption of this water also of the consideration paid by the above named company, the following resolution, offered by Mr. Brandt and seconded by Mr. Bettencourt Jr., was unanimously adopted, viz:

"Resolved that the superintendent of the Kapaa Water Works be instructed as collect for the water works be instructed."

to collect for the water used by the Hawaiian Canneries Co., Ltd., at the rate of ten dollars (\$10.00) a month until the meter is working satisfactorily, when the charge shall be five cents (\$0.05) per thousand gallons of water thus used."

At 12:15 o'clock p. m. the meeting adjourned to meet again at the call of the chair.

For Frying--For Shortening For Cake Making

Frying

There is no smoke nor odor. Fried foods are free from the taste of grease. They now are tasty and crisp. They are made more digestible, for Crisco is all vegetable. The same Crisco can be used to fry fish, onions, doughnuts, etc., merely by straining out the foodparticles after each trying.

Shortening econo Ynd

Crisco gives pastry a new flakiness and digestibility. Crisco always is of the same freshness and consistency? It's uniform quality makes for uniform results.

Cake Making

Crisco gives richness at smaller cost. It brings cake-making back to popularity. Butter hills are reduced and cakes stay fresh and moist longer.
